Example Hydropower Project

Monthly Progress Report – March 2026

Prepared by: Engineering Division, ALTAS Solutions

Location: [Specific River/District, Nepal]

Project Capacity: [e.g., 25 MW]

---

1. Executive Summary

This report provides an update on the construction and development phases of the [Project Name] Hydropower Project. As of March 2026, the project is **65% complete**. Key milestones achieved this month include the completion of the main dam foundation and the arrival of the first turbine components on-site.

2. Technical Specifications

Feature	Details
Type of Project	Run-of-River (RoR)
Design Discharge	45.5 m^3/s
Rated Head	120 m
Turbine Type	Vertical Shaft Francis
Annual Energy Generation	145.2 GWh

3. Construction Progress

3.1 Civil Works

- **Headworks:** Concreting of the spillway is 80% finished.
- **Desanding Basin:** Excavation completed; lining in progress.
- **Tunneling:** 1.2 km of the 3 km headrace tunnel has been excavated.

3.2 Electromechanical Works

- Contract awarded to [Manufacturer Name].
- Powerhouse foundation reinforcement is underway to accommodate the generator housing.

4. Environmental & Social Responsibility (E&S)

We remain committed to sustainable development and community support:

- **Reforestation:** Planted 500 saplings in the catchment area this month.
- **Local Employment:** 70% of the unskilled labor force is recruited from the immediate project-affected area.
- **Safety:** Zero Lost Time Injuries (LTI) reported for the month of March.

5. Project Timeline & Milestones

- **Milestone A:** Completion of Tunneling – Expected Sept 2026.
- **Milestone B:** Dry Commissioning – Expected Jan 2027.
- **Commercial Operation Date (COD):** April 2027.
